# Pyramid Tea Bag Packing Machine

STB-50

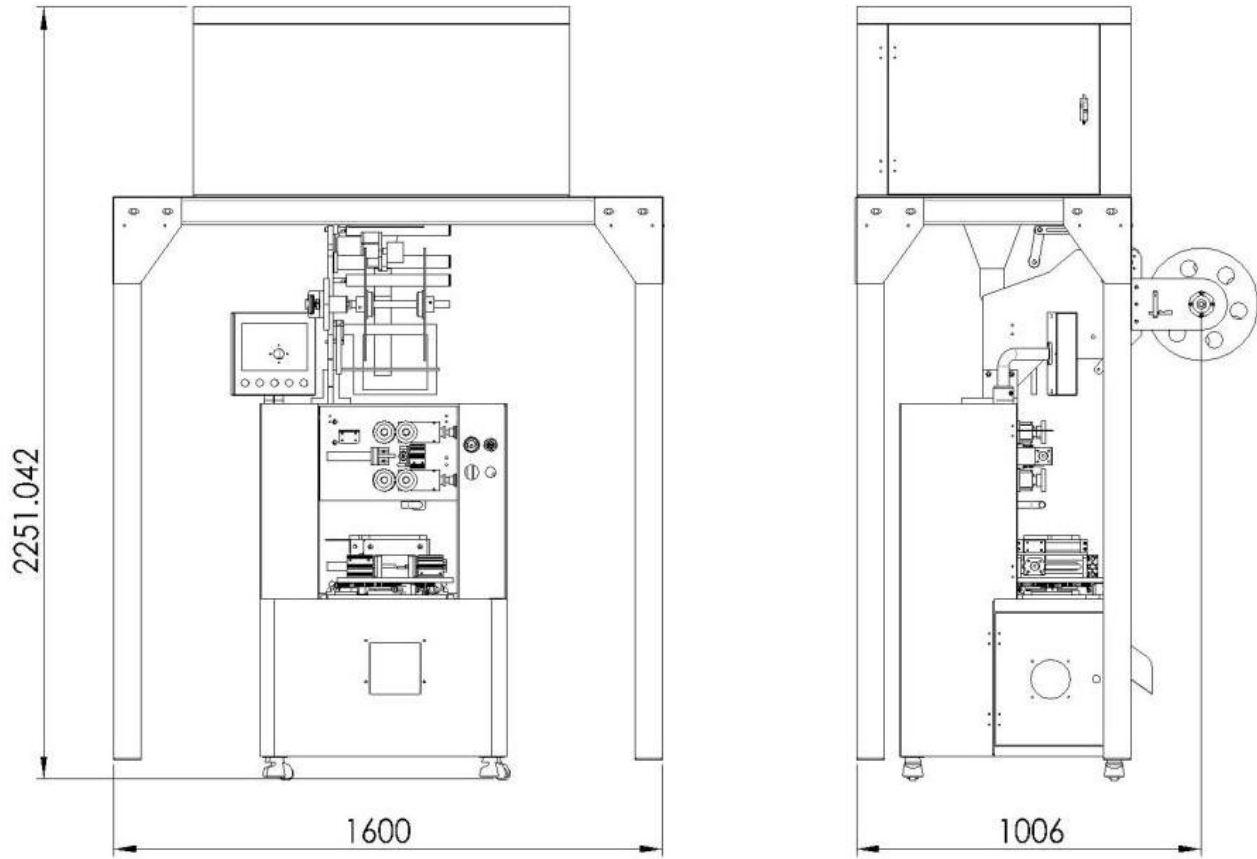

*STB-50 Pyramid Tea Bag Packing Machine Details*

### Technical Features

1. Biodegradable environment-friendly non-woven fabric or nylon package material.
2. Non-toxic, aseptic and high-temperature filter package material.
3. Advanced ultrasonic sealing without trace.
4. Tight, hygienic, and safe. Trimmed and less sealing width. No wasting packaging material.

### Technical Parameters

Model	STB-50
Roll of Film Width	120mm, 140mm, 160mm, 180mm
Bag Length Range	50mm, 60mm, 70mm, 80mm
Filling Range	1~5g/bag; Accuracy $\leq \pm 0.2g/bag$
Sealing	Ultrasonic Sealing & Cutting
Sealer	2 Sets
Packaging Speed	30~70 bags/min.
Power	1.2kw 220V/50Hz
Air	Pressure $\geq 0.6Mpa$
Machine Size (L*W*H)	1200*900*2300mm
Machine Weight	400kg
Thickness of Film	0.04~0.08mm
Film Materials	<b>Nylon, Non-woven Fabric, 100% Biodegradable transparent package material</b>
Suitable Packing Products	Loose leaf tea, pharmacy tea, health-keep tea, granular tea, laminated leaf tea, read tea, rose flower tea, coffee, ginseng tablets, etc.
